2026 November General Election
Unofficial Ballot Returns

Oregon Secretary *of* State
Elections Division

Election Date: 11/3/2026 **Report Generated:** 11/3/2026 3:04 PM

This report provides **raw, real-time data** on the number of ballot envelopes marked as returned in the Oregon Centralized Voter Registration (OCVR) and Election Management System during the election period. This report is compiled from multiple data sources and reflects the most current information available at the time indicated above.

Data in this report is subject to change as voter records are updated and as counties receive and process ballots **with the exception of active voter count**. The active voter count represents a snapshot as of 10/16/26 at 7 a.m. and will remain unchanged until it is next updated on the 27th day after Election Day.

It is important to note that **standard election administration practices require ballots to be recorded as "received" based on the date they are received**, not the date they are processed. It is not uncommon for ballots to be received and processed on different days depending on the county's ballot handling workflow and volume. This results in changes to previously reported daily return counts for any given day. These fluctuations are normal and expected.

This report is provided **for transparency and public information purposes only**. All data presented here is unofficial and should **not be used for official reporting, certification, or analysis**.

Questions about this data? Contact our office—or better yet, reach out to your local election official to learn more about observation opportunities and how ballot processing works in your community.
